--- Please respond above this line ---

Good morning Mr. Martin,

Dan Eernisse is the Director of Economic Development, but Scott Pattison is also involved with that department as the Special Projects Manager (regarding the outdoor events center). It's a crossover department, under Community, Planning and Economic Development so there are some other crossover staff, such as Aiyana Thompson (administrative assistant) and Tyler Chism (Economic Development & Placemaking Manager).

I hope this helps.

Sincerely,

City Clerk's Office
